

BOYCEVILLE COMMUNITY SCHOOL DISTRICT
Leading Today ... Developing Excellence for Tomorrow

Five Year Library Plan
2024-2028

Boyceville Community School District Library Mission

To support the learning for all students by providing equitable access to information and technology. Our school libraries will provide a supportive learning environment for students. It will offer a diverse collection of resources and literature to meet the academic and personal interests of students.

Boyceville Community School District Library Values

The BCSD Libraries hold that the beliefs stated by [AASL](#) perfectly embody what a library should be. They include:

1. The school library is a unique and essential part of a learning community
2. Learners should be prepared for college, career, and life
3. Reading is the core of personal and academic competency
4. Information technologies must be appropriately integrated and equitably available

Future Ready Libraries

The BCSD libraries are guided by the Future Ready framework. As a district, we collaborate with educators, families and community members to ensure the students of the district are ready for the future. Through our professional practice, programs, and spaces, we will lead, teach, and support our schools and the district's goals.

By connecting our work with the Future Ready Framework, we strengthen our practices, programs and spaces to enhance the educational innovations in our schools.

We understand that this body of work can not be implemented all at once. We will implement the following gears to help us achieve our goals throughout the next 5 years.

Curriculum, Instruction, and Assessment

Current Status:

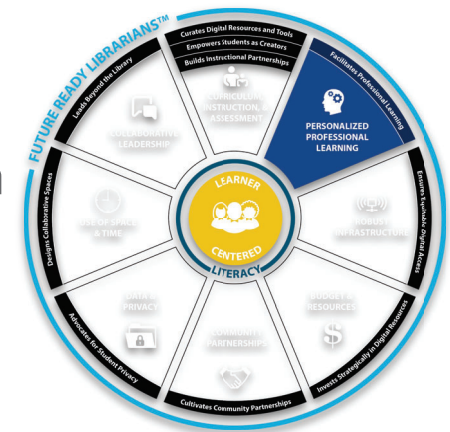

- Planning for greater access to ebooks and audiobooks.
- Collaborate with numerous teachers to provide resources, instruction, and technology support.
- Use Google Classroom and other platforms to share resources and provide research assistance to students, as well as to cover curriculum.
- Use Educlimber to evaluate assessment data.

Personalized Professional Learning

What we are doing:

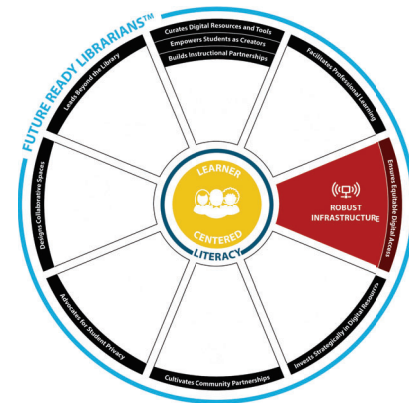

- Large group training on technology during teacher in-service days
- Individual work with staff to enhance student learning through technology
- Continued development of effective teaching strategies
- Commitment to support digital learning opportunities
- Investigation of training, learning and development of strategies around AI

Robust Infrastructure

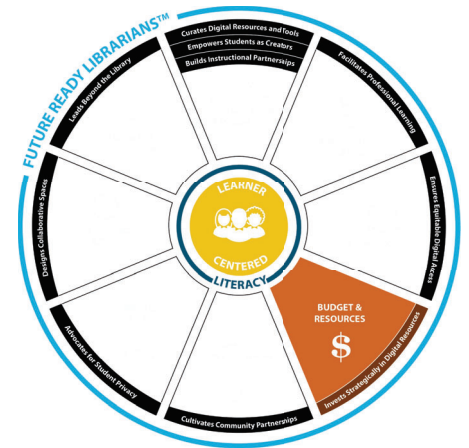

What we are doing:

- One to one devices provide technology access for students in grades 4K-12
- Every classroom is equipped with an interactive whiteboard
- Every classroom has access to cameras and speakers for digital/remote learning
- High speed wireless access throughout the district facilities

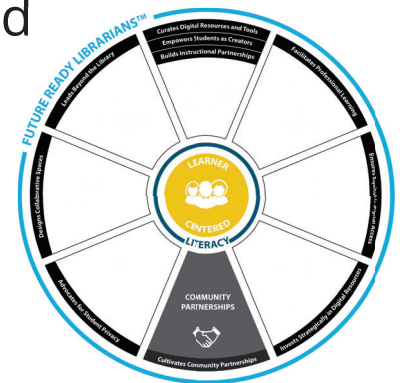

Budget and Resources

The primary objective of the school's library media center (LMC) is to support students' growth academically, emotionally, and socially. It is the duty of the center to provide a wide range of materials on all levels of difficulty, with diversity of appeal, and the presentation of different points of view. Our libraries receive money from [Common School Funds](#). Each year the amount of money we are allocated changes.

Community Partnerships

- Maintain a partnership with the Boyceville Community Library and its staff to support the needs of our students and staff
- Maintain a presence on social media

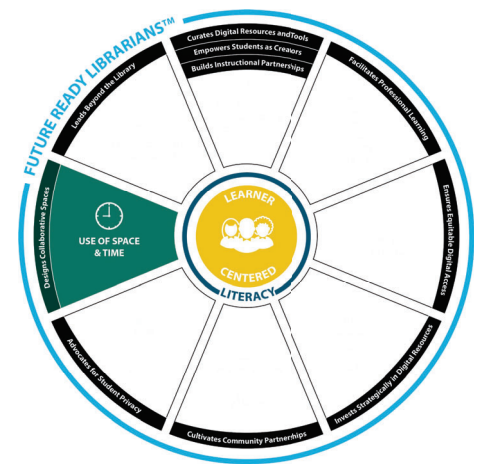

Data and Privacy

- Involved with the management of the district Acceptable Use Policy
- Securly Content Filter in place
- Promote the use of secure passwords and two step authentication in coordination with IT Department

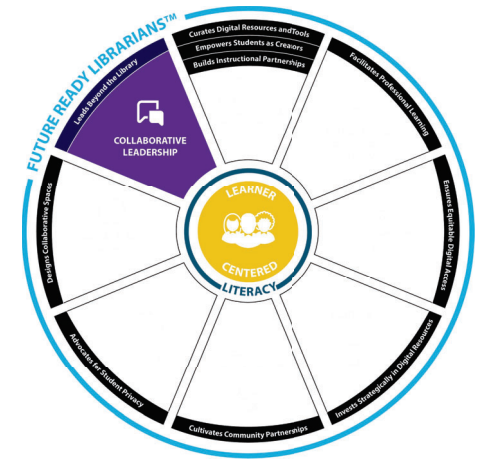

Use of Space and Time

- Maintain a Facility Use Calendar showing use and availability of both Elementary & MS/HS library spaces for school and community meetings
- Elementary Library Sessions Daily
- Shared MS/HS Schedule

Collaborative Leadership

- Work with and collaborate with local public library
- Connect with school libraries throughout our area as the need arises
- Collaborate with numerous teachers to provide resources, instruction, and technology support.
- Encourage integration of technology across curriculums
- Work with TCE on the annual book fair and other programs

Library Media Goals for 2024-2028

- Goal One
 - Develop a Standards Based Pacing Guide for our 4K-12 libraries in order to plan, implement, and document expectations for the future, to be completed by the end of the 2024-25 school year and revisited annually throughout the duration of the plan.
- Goal Two
 - Libraries will continue to be learning and work spaces that are future ready, that are annually reviewed to determine needs and updates to maintain future ready status
