

Stewart Skrove Science Award

Scholarship Award

The Stewart Skrove Science Award is two scholarship awards. These awards will be \$250.00 each and be given to the top two applicants.

As applications are returned, both pages will receive an identification number to ensure applicants remain anonymous. A committee of area professionals and educators will select the top applicants. The scholarship selection committee will only read the essay responses, letters of recommendation, and transcript. Names will be blacked out of all transcripts and letters of recommendation. After selections have been made, the two pages will be matched and information for eligibility will be verified.

All senior students at Boyceville High School who are planning to attend a four year college or technical school will be eligible for this scholarship. Selection criterion may include, but are not limited to, and are listed in no particular order:

- Number of science classes successfully completed in high school
- GPA in completed science courses
- Program of study after high school
- Community service and volunteerism
- Participation in Science Olympiad and/or other science-related extracurricular activities •
Essay responses

Scholarship winners will be notified at the Senior Awards Night Presentation and will be awarded a check after proof of successful completion of their first semester of tech school/college and proof of second semester full-time continued enrollment.

Participation in Science Olympiad is not a requirement for consideration for this scholarship.

Nondiscrimination Policy

The School District of Boyceville does not discriminate against pupils on the basis of sex, race, national origin, ancestry, genetic information, creed, pregnancy, marital status, sexual orientation, or physical, mental, emotional, or learning disability or handicap in its educational programs or activities.
