

School Make-up for the March 13th Inclement Weather Day

We have reviewed the hours of instruction as required by the Department of Public Instruction. We are short some hours and we think the solution we have is the least disruptive solution.

The last scheduled day of school is Tuesday June 4th. This was to be a half day Early Release Day. It is now a full day of school for all students. Given this is the traditional school picnic day at TCE we will make some adjustments to the lunch schedule that will give some dismissal flexibility to parents after lunch. A note will be sent home later explaining the schedule for the last day.

Thank you to everyone for understanding. This has been a difficult and historic winter. I am optimistic we are near the end of this winter season.

Mr. Sipple- Superintendent
