

2009 Wisconsin Act 96
Indoor Environmental Quality Management Plan
Boyceville School District

The Boyceville Community School District can use a website, student handbook, local newspaper, or other appropriate means to notify students, staff, and the community that the district has an IEQ management plan in place. This annual publication is part of the Boyceville Community School District's communication plan within the IEQ Management plan.

The Boyceville Community School District would like to inform staff, students, parents, and the public of the district's indoor environmental quality (IEQ) management plan. The plan was initially developed in 2013 and is reviewed as necessary. The plan was developed as deemed appropriate for the district. Questions and concerns should be directed to the IEQ Coordinator. Copies of the plan are available at the district office for a fee. The district office is located at 1003 Tiffany Street, Boyceville, WI 54725.
