### **3. Essay**

The AnnMarie Foundation is an independent philanthropic organization, which was started by the founders of Phillips Plastics as a way to give back to the Wisconsin communities the company served. Imagine you have been given the resources—time, funding, and support—to create or lead a new philanthropic initiative in your community.

What issue or need would you address, and why is it important to you? Explain how this initiative would not only address the issue but also foster a greater sense of connection and collaboration within the community.
